RE: Goneaway Mine, M/037/009,
San Juan County, Utah

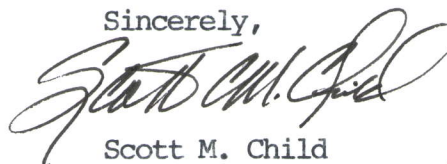

Dear Mr. Braxton:

We appreciate being informed of Mr. Jim Butt and the contemplated reclamation work at the Goneaway Mine in San Juan County, Utah.

The contemplated reclamation is acceptable to Utah Power & Light Company provided that it is understood that Utah Power & Light Company did not create the disturbance, nor can we make any guarantee that the site will be reclaimed. Utah Power & Light has no plans of mining or developing these claims. Utah Power & Light acquired these claims (4) in a package purchase with other various uranium properties in 1975. Utah Power & Light Company's present position is to sell all of its uranium properties.

If you have any further questions, please feel free to call.

Sincerely,

Scott M. Child
